BRYAN ELECTED!

He Has 7 Majority in Electoral College.

The People Have Won the Great Fight.

Praise God From Whom All Blessings Flow.

The Trusts and Syndicates Are No More.

Greatest Victory the People Ever Achieved.

William Jennings Bryan is the next President of the United States.

The big Republican claims have dwindled away.

The trusts, monopolies and bond syndicates have been defeated.

Here is the latest information:

COLUMBUS, Ohio, Nov. 4, 3:30 p. m.

Electoral College stands: Bryan, 177; McKinley, 270. Bryan carries 23 out of 45 states, and the loss of Indiana, Michigan and California, all together by less than 20,000 votes, may defeat him. He claims his election at 2 p. m. this afternoon.

Kentucky may yet turn up for Bryan. Ohio only claimed now by 45,000 for McKinley. Democrats get Congressmen in 34, 4th, 5th, 12th, 13th and 17th districts. Lents elected in Columbus district by 121 votes.

Chairman Jones just wired that Bryan was elected, and only fraud in Michigan, Indiana and California could defeat him. Democrats feel hopeful.

MUST MAKE RETURN:

Or Ministers and Justices of the Peace May Get Into Trouble.

During the past three years the Probate Judges of the State have had a vast amount of trouble with ministers and Justices of the Peace, who fail to make the proper return to the Court after performing the marriage ceremony, and a concentrated effort will soon be made to bring some of them to task.

According to the laws of the State of Ohio, those performing the marriage ceremony must make a return to the Probate Court within three months after the ceremony is performed, and if they do not, they are liable under the law.

Section 6391, of the Revised Statutes, reads as follows:

"A certificate of every marriage hereafter solemnized, whether authorized by publication of banns to the congregation or by license issued by a Probate Judge, or after notice given to the congregation, signed by the Justice, Mayor or Minister solemnizing the same, or Clerk of the monthly meeting, shall be transmitted to the Probate Judge in the county wherein the marriage license was issued, or the congregation wherein the same was published, in duplicate, in or with the certificate, and the Probate Judge shall neglect to make such record, he shall forfeit and pay \$50 to and for the use of the county."

The principal reason for passing this law was that during the past ten years a practice has been growing among certain people of taking up marriage licenses and then never having the wedding ceremony performed. Parents of young girls were in this manner deceived, and many a scandal has been stirred in public print, while, after being investigated, the Probate Judge has been taken out of a marriage license.

McKINLEY THE CHOICE

OF THE WOMEN OF THE UNITED STATES.

Returns Not All In Yet.

Prohibition Running Strong with the Ladies

The ladies' vote has attracted national attention this campaign. It has called forth the vote of many ladies who perhaps would never care to go to the polls to cast a vote. The vote was polled by postal cards and letters sent to the Postum Cereal Food Co. of Battle Creek, Mich., whose office force have faithfully compiled and reported from time to time the progress of the vote.

The deepest interest is shown by the letters and postal cards, great numbers of which express gratitude for this act which is surely a step towards the realization of some practical plan under which one-half of our citizens, (female though they may be,) who are now denied the elective franchise, can have the right to say how and by whom their laws shall be made, their country governed and their sons and daughters protected.

An extract from a letter from a lady in Kennebunk, Maine, expresses "thanks for an opportunity to vote; when woman has the opportunity and an incentive to engage her mind in affairs which pertain to the welfare and prosperity of her people and country, the things she brings into existence will be improved, elevated, and endowed with the fire of true statesmanship, by the mind of the mother during the prenatal state. Have your statesmen born with a great, clear and patriotic mind, Sir."

That keynote that will ring on eternally until the theory becomes a fact. It is time that the keen, clear mind of women was sought in affairs of state.

No report will be shown Nov. 7th.

The complete vote will be given Nov. 12th, by which time it is expected that all votes will be in.

It is true that this national vote by the ladies brings into prominence the manufacturers whose office is used to compile and report it. The Postum Co., however, have already a wide reputation as the originators of a unique article of public need, in the way of their cereal or grain coffee which is used by many brainy people who cannot digest common coffee. Newspaper men, authors, actors, business men, professors, nervous women and even the children find in Postum food coffee a delicious breakfast beverage that is made so largely from the gluten and phosphates of wheat that a direct result in nervous energy is found in its use, as the food elements go directly to rebuild the lost grey matter in the nerve centers. These facts are facts and this justly famed American product has made a profound impression on people of all classes.

This explanation is given for those who may not be familiar with the company, having the woman's vote in charge.
